

Birthday Parties

What can I say other than thank you, thank you! The girls' birthday party was a big success! The kids had a great time and the parents kept telling me how great it was. They all asked how I found out about Abrakadoodle - which was on the internet. Aside from being something different and entertaining for the kids, the best part for us was no stress! We loved that everything was set up and that we had no clean up! You all were great. The art teacher's name slipped my mind, but she was great! We loved her. Just wanted to let you know how much we appreciate everything- what a fun party!

You do a great job at Abrakadoodle!

- If you would like to host the party in your home, country club, community room, park and rec building, etc, you will need to provide table space and a chair (or floor space) for each child. We use only safe, non-toxic and washable art products, but for ease of cleanup we recommend using a non-carpeted space. If the area is carpeted, let us know and we can bring draping to protect the carpet. If you select a wet project, please have an area where the project can dry without being disturbed.
- We recommend scheduling the art activity early in the party. This allows time for the art projects to dry before guests depart

Q: What if I don't see a lesson idea I like or I'm not sure which lesson I want?

A: If you need lesson ideas, just give us a call at 469-777-6395 or email sjones@abrakadoodle.com. We have over 1800 lessons so we're sure to find a lesson you, your child and guests will love. Q: Do I need to tip my birthday party teacher(s)?

A: That's up to you! If you feel your birthday party teacher went above and beyond to make your child's party a success, you're welcome to give her a tip.

Q: What happens if a child misbehaves during a party?

A: We are here to deliver a great birthday party for your child and guests. Therefore, inappropriate behavior such as hitting, throwing things, painting on other children or swearing is not tolerated as it ruins the party for everyone. If a child is making a bad behavior choice, we'll give that child a verbal warning. After the first verbal warning we will ask the child's parent or the birthday parent to intervene if the child continues to misbehave. If the child continues to misbehave, we will ask the child to take a timeout. Once the child has calmed down, he or she is welcome to rejoin the party.

We had an awesome experience with Abakadoodle for our 3 year olds birthday. Overall, they were very organized with everything. The party went just as discussed, no surprises. The instructors were great with the children, very encouraging and inviting as to the activities and what would happen next. We started with a story, engaging

everyone,

then moved to art, then face painting and lunch. It was so nice to be able to enjoy it and not worry about anything. Thanks for a great experience.
